Press Release

A Safe place for Laptops and Notebooks

Information Support Concepts, Inc. Arlington Texas: Constantly on the lookout for new product applications that will serve their customers, has lead to the addition of the Secure Laptop/Notebook Cabinet (SLNC) to the ISC catalog. It can be seen at www.iscdfw.com. The SLNC fully powered cabinet is designed to house up to eighteen laptops/notebooks with internal power bars for charging. This new secure cabinet protects your laptop as well as your information.

With laptop theft on the rise all across the country, this unique innovation secures laptops as well as keeps them fully powered by charging them when in the cabinet. The unit even has a network capability for internet updates while secured. These cabinets come with a two-piece all-steel tambour door, a lock with two keys, and a power bar for keeping each laptop fully charged. For extra protection, a security locking bar can be added that will accept a padlock.

Each private drawer has two private compartments with separate lock numbers and keys as well as its own power outlet with room for the power pack and other accessories. Bin drawers are also available for storing laptop bags and spare parts.

Universities, Hospitals, Government Agencies, Police Departments, classrooms and any number of institutions with employees or students that check out laptops for use during the day now have a secure environment to store the equipment when not in use. Better yet, it will fully recharge the unit and even update information, if so configured by the customer.

Information Support Concepts, Inc, located at 714 N. Watson Road, Arlington, Texas 76011, has been providing a full line of computer related cabinets, furniture and accessories to their customers for going on 19 years. Many of the items are unique and have been added to the ISC line to meet special customer needs due to space constraints or size requirements. Visit the ISC website www.iscdfw.com for more information or call 1-800-458-6255 and speak to a knowledgeable account manager for more information.
