563-6	10-5357	Twistlock TL318-20 Amp	Each	5.41

We have provided GSA pricing; however, it is not practical to order a new system from the price list. Each project varies with the different pieces depending on the placement in the room. The easiest way is to provide us a drawing of your area. This does not need to be a CAD drawing. If you can provide the dimensions of the room, door locations and how much of the floor you want to cover and where you want it, we will do the rest. We will need to know the accessories you may need, i.e., power or ADA ramps, etc.

We will then provide you a detailed quote with the appropriate part #'s and quantities. We will also obtain a freight quote at that time.

We are also happy to provide a sample.

Please contact us at 800-458-6255.
